Exemption No. 8430B
Regulatory Docket No. FAA-2002-11883

Colonel Allen S. Baker, U.S. Army
U.S. Department of the Army
Aeronautical Services Agency
9325 Gunston Road
Fort Belvoir, VA 22060-5582

Dear Colonel Baker:

This letter is to inform you that we have granted your petition to extend Exemption No. 8430, as amended. It explains the basis for our decision and describes its effect.

The Basis for Our Decision

By letter dated July 16, 2008, you petitioned the Federal Aviation Administration (FAA) on behalf of the Department of the Army (U.S. Army) for an extension of Exemption No. 8430, as amended. That exemption from § 91.169(a)(2) and (c) of Title 14, Code of Federal Regulations permits the U.S. Army to file instrument flight rules flight plans in accordance with the regulations prescribed by the U.S. Army.

In your petition, you indicate that there has been no change in the conditions and reasons relative to public interest and safety that were the basis for granting the original exemption.

The FAA has determined that good cause exists for not publishing a summary of the petition in the Federal Register because the requested extension of the exemption would not set a precedent, and any delay in acting on this petition would be detrimental to the U.S. Army.

Our Decision

The FAA has determined that the justification for the issuance of Exemption No. 8430, as amended, remains valid with respect to this exemption and is in the public interest. Therefore,

AFS-08-375-E

under the authority provided by 49 U.S.C. 40113 and 44701, which the FAA Administrator has delegated to me, I grant your petition.

The Effect of Our Decision

Our decision extends the termination date of Exemption No. 8430, as amended, to October 31, 2010, unless sooner superseded or rescinded.

All conditions and limitations of Exemption No. 8430, as amended, remain the same. This letter must be attached to, and is a part of, Exemption No. 8430.

Sincerely,

A handwritten signature in black ink, appearing to read "James J. Ballough", with a long horizontal flourish extending to the right.

James J. Ballough
Director, Flight Standards Service
